Driving business results in your contact center is no easy task in today's highly competitive environment. Customers expect a consistent experience, with personalized interactions regardless of how they reach out to you. At the same time, you are asked to optimize efficiency and do more with less.

NICE CXone Agent for Oracle Service Cloud tightly integrates your CRM with your contact center operations for optimal business benefits, including improved agent productivity, holistic customer data and more personalized customer experiences. Plus, embedded workforce engagement (WEM) capabilities allow agents to manage their schedules, coaching and quality management without leaving the Oracle interface.

## PERSONALIZE EVERY INTERACTION

CXone Agent for Oracle Service Cloud empowers agents with a 360° view of data from across the entire customer journey.

- Deliver more personalized interactions that take less effort, make customers feel valued and set you apart from the competition.
- Shorten average handle time by delivering all relevant customer information to the agent before the interaction begins.
- Increase agent satisfaction by empowering them to deliver better outcomes for customers and the business.
- Maximize your CRM ROI by leveraging your Oracle Service Cloud data to improve customer interactions in the contact center.

## INCREASE AGENT EFFICIENCY

An integrated desktop gives your agents quick and easy access to the tools and information they need to handle more interactions in less time.

- Reduce agent effort with a unified CRM and contact center desktop that eliminates the time spent navigating between separate applications.
- Streamline call handling with an integrated softphone and click-to-dial capabilities.
- Through the integrated CXone Workforce Engagement Suite, agents can now manage their schedules and performance directly in Oracle. Everything—from shift bids and vacation requests to quality evaluations and coaching sessions—is available at their fingertips, and automatic notifications help them take ownership of their day.
- Reduce after-call work by automatically updating your Oracle Service Cloud CRM with contact center interaction data.
